“ My mother wanted me to post this on her behalf. —Kelly (Krutz) Centrelli

This is a reverse memory I think Louie would want you to hear.

To his children and their families: he was so proud of each and every one of you. You were all special to him.

To the guys at Becraft Fire Dept.: Louie so loves spending time with you guys. You looked out for Louie and that meant so much to us. He was always so excited to be in the parades and he looked so handsome in his uniform. It meant so much to him when all the guys visited him in the hospital and gave him that picture. Louie told me that the worst part about having cancer was it affected his voice—as you know he loved to talk.

To our family and friends that we shared many special memories with: I hope you know who I am talking about as there are too many to mention. Thank you for your support and prayers during Louie's long battle with cancer.

Thank you to Dr. Peter Lamparello and the staff at NYOH. They always took the time to ask how he was doing and to joke around with him. Thanks also to Dr. Tsou, who took care of Louie for many years and was available day and night.

I personally want to thank my sister Ethel Grant and Louie's sister Karen Krutz who helped me so much during Louie's final days.

And a special thank you to Rudy Hayes and Greg Maisch; you were always there for him over the years.

Sincerely,

Ruth A. Krutz

“ So sorry to hear of your loss, thoughts and prayers go out to you Ruthie. Louie was like a brother to me and I remember all the good times that we had hanging out, working on cars, picnics or just a Saturday afternoon sitting around and visiting. You have two wonderful kids that I know will be there for you and Louie will always be watching over you. Take care of yourself and always remember the good times that you had with your family....

“ Almost every time for the past 20 years or so, Lou would come in for a haircut. I'd say "how are ya? He'd say "I'd like to say I'm alright, but I'm half left" haha. I'm going to miss that like crazy! What an impact you guys have had on my life! You're like family. Love you

“ Dad, we will miss you. The fire pits, stories, video games, karaoke and many other memories. In all my travels around the world, never did I meet a kind-hearted man as you. You welcomed me into your family and taught me wood working and car work like your own son. I never ever felt like a stranger in your house. Most importantly, without you, I wouldn't have Kelly, Charlie, Kieran and their baby sister due August. When I look at Charlie and Kieran, I see your face and light heartedness and know they will carry your best qualities into adulthood. Thank you for everything and I know you'll be watching over us each and every day.

Love Chuck

“ Thoughts and prayers to Ruthie, Louie and Kelly in the loss of their loved one. I remember the good times we had years ago going to their house for family holidays, picnics, Louie and Buddy working on cars together, a lot of good times. Louie will be missed by all.

“ Uncle Buddy wants to send his condolences to you. Just want to let you know that I really did care for your father, we were like brothers, we used to go out together, work on cars together and I won't grieve for him now because my belief is that he has gone to heaven already and it is just a corpse there and someday we will meet again. I wish you well.

To Louie and Kelly...

“ Lou you were a wonderful brother-in-law. My sister Ruth was one lucky girl to find you and marry you. You and her were made for each other. You guys were meant to be together from the start. You and Ruth have two wonderful children. I loved the holidays that we spent together. You always made us feel so welcome whenever we came to visit. I love you dear Lou and want to thank you for taking care of my baby sister Ruth while you were here on Earth. I know Father called you home He didn't want you to suffer any longer. Even though you aren't here on Earth any more I know you will be watching over Ruth and will be by her side always. RIP you are loved and will be missed

“ After my 1968 Ford Falcon got totaled, Lou built me a working car using a second barely running \$300 wreck and my totaled car. Lou took care/mentored me at work, let me stay overnight in his house after running off the road during a 2 foot plus April snow storm and never let me down! Always upbeat, a hard worker and helpful!
